SUMMARY

Information Systems student with a strong interest in UI/UX design, systems analysis, and database management, developed through hands-on academic projects and active organizational involvement. Experienced in leading and collaborating within teams to design user-centered digital solutions. Eager to contribute analytical thinking, design skills, and commitment to a dynamic, impact-driven organization.

EDUCATION

Institut Teknologi Del – Situluama, Indonesia
Bachelor of Information Systems | 2024 – Present
Current GPA: 3.42/4.00

ACADEMIC PROJECTS

- TRIPORIA Guide Travel Design 2025**
UI/UX Designer & Project Analyst (Team-based) | Institut Teknologi Del – Digital Entrepreneurship Course
- Designed the user interface and user experience for Triporia, a travel guide platform concept developed as a design-only prototype (not a coded product)
 - Contributed to project planning and analysis to support the entrepreneurship-oriented product concept
 - Skills:** *UI/UX Design, Prototyping, Business Concept Analysis*
- Package Custody Management System for an MSME Store 2025**
Team Lead & UI Designer (Team-based) | Institut Teknologi Del – System Analysis and Design Course
- Led a team project analyzing and designing a system to manage package custody at a small retail (MSME) store
 - Designed the system's user interface to help store staff track incoming and outgoing customer packages
 - Skills:** *System Analysis, UI/UX Design, Team Leadership*
- Child Immunization Schedule Data Management – Java OOP Project 2025**
Software Developer (Team-based) | Institut Teknologi Del – Object-Oriented Programming Course
- Developed a Java-based desktop application in VS Code to manage children's immunization schedule data
 - Connected the application to a database using an Object-Relational Mapping (ORM) approach for data handling
 - Skills:** *Object-Oriented Programming (Java), Database Connectivity (ORM), Problem-Solving*
- IMUNKU – Child Immunization Monitoring App Design – UI/UX Project 2025**
UI/UX Designer (Team-based) | Institut Teknologi Del – UI/UX
- Designed the user interface and user experience for IMUNKU, a mobile application concept for tracking and monitoring children's immunization and health records
 - Skills:** *UI/UX Design, Mobile App Design*

WORK EXPERIENCE

- Student Mentor – Abang Asuh Program August 2025 – May 2026**
Institut Teknologi Del | Situluama, Indonesia
- Mentored new students in both academic and non-academic aspects over two semesters
 - Guided mentees through the process of adapting to university life and personal development within campus
 - Skills:** *Mentoring, Communication, Adaptability*

ORGANIZATIONAL EXPERIENCE

- Majelis Permusyawaratan Mahasiswa (MPM) February 2026 – Present**
Member
- Oversaw the performance of the Student Executive Board (BEM) as part of the legislative function of student governance
 - Compiled periodic performance oversight reports
- Del Programming (DELPRO) November 2024 – Present**
Member
- Represented the club in Student Activity Unit (UKM) meetings at the campus level

SKILLS

Languages: Indonesian (Fluent), English (Intermediate)
Programming Languages: Java, C, Javascript
Hard Skills: Microsoft Office (Excel, Word), UI/UX Design, Bizagi, Diagramming (Draw.io), Data Modeling (DFD, ERD), Object-Oriented Programming, Canva
Soft Skills: Effective Communication, Teamwork, Time Management, Adaptability, Commitment
